supersanmi01@gmail.com

PROFILE

Creative, self-motivated and energetic Front-End Developer, passionate about writing clean and organized code, and keen on personal and professional development, currently in the process of becoming a Full Stack Developer.

EXPERIENCE

StudentBuild — Intern

AUGUST 2020 - PRESENT.

I started my journey into Frontend Development at StudentBuild as a student where I got access to various study materials and worked on various assigned projects.

- Completed the HTML, CSS and Javascript course for Web Developers on coursera.
- Built a Basic Calculator, To Do List and a Weather App.
- Operated with a willingness to embrace change and adapt strategies accordingly.
